

To change the direction of the jet, turn the stem clockwise or anticlockwise while the body of the sprinkler is held fast.

This adjustment must be made while the system is in operation.

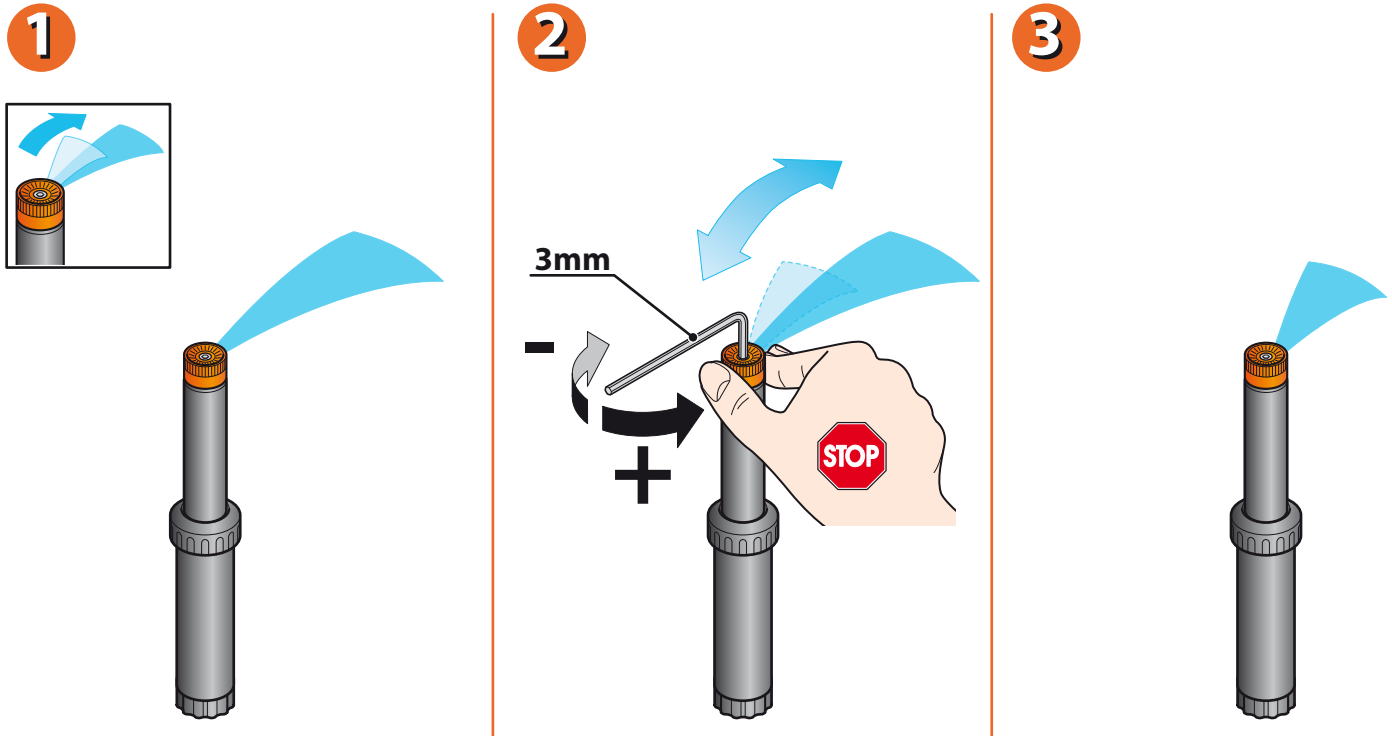

For 90° - 180° Pop-Up sprinklers (p/n): 90095 (2") - 90096 (3") - 90097 (4") - 90053 - 90054 - 90055
 For adjustable Pop-Up sprinklers (p/n): 90004 - 90005 - 90006 - 90019

To vary the angle covered by the jet between 0° and 350°: turn the knurled collar clockwise to increase the angle, or anticlockwise to reduce it.

For adjustable Pop-Up sprinklers (p/n): 90004 - 90005 - 90006 - 90019

To increase or reduce the length of the jet: turn the system on, and engage the hex socket screw on the sprinkler head with a 3mm Allen key. Turn anticlockwise for a longer jet, or clockwise for a shorter one.

For 90° - 180° - 360° Pop-Up sprinklers (p/n): 90095 (2") - 90096 (3") - 90097 (4") - 90053 - 90054 - 90055 - 90041 - 90042 - 90043
 For adjustable Pop-Up sprinklers (p/n): 90004 - 90005 - 90006 - 90019

Tables indicating water usage of sprinklers.
